

J-400 Designer Collection

Step into a J-400 Collection hot tub and step outside the box. Leave it to Jacuzzi®, the inventors of the modern hot tub, to rethink traditional hot tub design. With the J-400 Collection, Jacuzzi literally breaks the mold by taking its WaterColour™ waterfall to new heights. Graceful curves present a dramatically new, contemporary spa profile, and a natural backdrop for cascading water and light.

J-300 Signature Collection

Imagine the difference a J-300 Signature Collection hot tub will make in your life. Find refuge from the pressures of work, take a break, or rejuvenate in the company of family and friends. You can get a pro-quality massage in seats like the FX 10 Therapy Seat, with its adjustable jets. Enjoy the feeling of water flowing over your shoulders from the Water Rainbow® waterfall. Listen to music from new, high-quality micro-speakers, part of the AquaSound™ stereo option. There's also an auxiliary MP3 jack. Take a "wet test" in a J-300 model at your dealer to see, feel and hear what Jacuzzi can do for you.
